

1) IntelliBrand Dashboard

CALLS COMPLETED – When you complete a call on the tablet it will give you an indication here in red that you have a call complete.

CALLS ON HOLD – When a call is put on hold there will be an indication here in red. In order to sync this through you will need to go back into the call and take this off hold and sync the device. This feature allows to hold calls that you wish to edit later.

DASHBOARD – This allows you to view Calls/Orders done in previous weeks.

VIEW MAPS – Selecting on View Maps, allows you to view the location that you are currently in.

RECONCILE ORDERS – If orders did not reach the server due to incomplete sync, reconcile orders allows you to enter a START/END date and check for orders. Only resend orders that have red dots to avoid duplication. A green dot ensures that all have been successfully synced.

HELP – Articles are available here to help with the workings of the tablet.

LODGEMENTS – If you have lodgements set-up. This is an easier way to access and complete lodgements where needed.
